1. OWNED BY HANDS-ON VETERINARIANS.

Because we're owned by veterinarians, we are able to offer the opportunities, benefits, and security found in larger organizations while enjoying a work ethic and culture found in smaller practices and hospitals. For example; we enable our doctors and staff to collaborate and initiate ideas and programs without excessive processes or approvals.

2. SERIOUS MEDICINE. HIGH-TECH.

As our medical departments serve a diverse and large pet population, we see referral and emergency cases that will keep even the most experienced veterinary team on their toes. Naturally, besides the cross-departmental support, our staff has access to cutting-edge technology in a new, modern facility one would expect from a leading multi-specialty animal hospital.

3. YOUR SUCCESS IS OUR SUCCESS.

As a referral and emergency hospital, we are committed to promoting our doctors to primary veterinarians as the unique, skilled, and approachable professionals that they are. This not only helps establish a steady workflow, but also ensures you become known in a crowded and busy industry, adding depth and experience to your career.

4. LOCATION. LOCATION. LOCATION.

As many of our job applicants originate from across the US, we love to introduce them to our home – Palm Beach County, Florida. Below are just a few interesting facts:

- We have no state income tax. Yes, you read the correctly. Zip. Nada. Zero state income tax!
- We have affordable housing and a relatively lower cost of living than many other coastal states.
- More than 200 days of sunshine means more time on the endless beaches, boating, or enjoying outdoor activities.
- Wonderfully diverse, Florida offers the kind of melting pot that adds a unique flavor to anyone's lifestyle.
